

# LUVIA

VIRTUAL AI DATA PROTECTION OFFICER

Malaysia's First Virtual AI Data Protection Officer

## WHO IS LUVIA?

Luvia is more than just software—she's your organization's dedicated Virtual Data Protection Officer. Powered by advanced AI and regulatory expertise, Luvia provides round-the-clock compliance support that is proactive, intelligent, and effortless.

Instead of relying solely on a traditional Data Protection Officer, organizations can leverage Luvia to:

- Engage in real-time conversations on PDPA (Malaysia) and global standards like GDPR.
- Instantly draft and generate compliance policies, notices, and documents.
- Receive guided assistance during data breaches or incidents.
- Access 24/7 advisory services without delays, fatigue, or extra costs.

## BENEFITS OF LUVIA

### Document Automation

Generate policies, notices, and procedures in minutes.

### 24/7 Availability

Always ready to answer questions, day or night, with no downtime.

### Consistent & Reliable

No human error or misinterpretation always aligned with regulations.

### Risk Management

Provides step-by-step guidance during data breaches or compliance risks.

# PURPOSE OF LUVIA

The **Luvia (Virtual Data Protection Officer)** is designed to help organizations simplify, strengthen, and sustain compliance with data protection regulations. Its main purpose is to:

**Ensure Compliance** – Guidance for PDPA, GDPR, and global regulations.

**Reduce Risk** – Identify, forecast, and mitigate privacy threats.

**Provide Oversight** – 24/7 monitoring of regulations and policies.

**Empower Organizations** – Affordable, intelligent alternative to a full-time DPO.

**Enhance Awareness** – Promote data protection education and foster a strong compliance culture across all organizational levels.

**Support Growth** – Focus on business while ensuring governance and trust.

# LUVIA'S CORE CAPABILITIES

## Intelligent Guidance

- **Context-Aware Responses:** Understands your specific business context
- **Multi-Layer Analysis:** Cross-references multiple regulatory frameworks
- **Decision Support:** Provides actionable recommendations, not just information

## Comprehensive Coverage

- **Global Regulations:** GDPR, CCPA, PIPEDA, LGPD, and 50+ frameworks
- **Industry Specific:** Healthcare, Finance, Education, Retail specializations
- **Document Intelligence:** Processes policies, contracts, and compliance manuals
